

Commemorative and Memorial Naming Opportunities

The realization of a new church for St. Thomas More Parish will depend, in large measure, on the success of our fund raising campaign. This success will require extraordinary financial support from our parish family. With this in mind, St. Thomas More Parish hopes to recognize those individuals and families who, through their generosity, help us to reach our goals.

St. Thomas More Parish has established a select number of Commemorative and Memorial Naming Opportunities related to the campaign. By offering these recognition opportunities, we hope to remember, in perpetuity, the sacrifices of our parish family, and inspire future generations to follow their examples of stewardship.

Commemorative and Memorial Naming Opportunities do not reflect the actual cost of the items. Rather, the amount suggested reflects each item's prominence and value in our liturgy and faith traditions.
